Friendship Bracelets for Kids in Foster Care

FosterClub's Friendship Bracelets send a powerful message to a child who is in foster care: **someone believes in you.**

Each Friendship Bracelet you make becomes a symbol of hope for a young person, reminding them they are not alone, they are seen, and they matter.

HOW IT WORKS

Alpha Xi Delta members create Friendship Bracelets, attach them to a Friendship Card that contains a message of hope. Send to FosterClub for distribution to kids who are experiencing foster care.

IS AS EASY AS 1-2-3

- 1** **Gather** your sisters, friends or family and make some Friendship Bracelets.
- 2** **Print Friendship Cards** using the FosterClub provided template (see QR card at right). Attach a Bracelet to each Card and sign your first name (as the crafter who created the Bracelet).
- 3** **Mail** your finished Friendship Bracelets to FosterClub HQ:
